INDEPENDENT AUDITOR'S REPORT

To Mr. George L. Kennedy, III, CPA
State Auditor
South Carolina Office of the State Auditor
Columbia, South Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the **South Carolina State Fiscal Accountability Authority Insurance Reserve Fund** (the "Fund"), a fund of the State Fiscal Accountability Authority, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the South Carolina State Fiscal Accountability Authority Insurance Reserve Fund as of June 30, 2018, and the changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 1, the financial statements present only the Insurance Reserve Fund of the South Carolina State Fiscal Accountability Authority and do not purport to, and do not, present fairly the financial position of the South Carolina State Fiscal Accountability Authority, which is a part of the State of South Carolina primary government, as of June 30, 2018, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to the matter.

As discussed in Note 12, the fund implemented Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, as of July 1, 2017. This standard significantly changes the accounting for the Fund's other postemployment benefits and related disclosures. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information - Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 4 through 10), the Schedules of Fund's Proportionate Share of the Net Pension Liability (on page 54), the Schedules of Fund Pension Contributions (on page 55), the Schedules of Fund's Proportionate Share of the Net OPEB Liability (on page 56), and the Schedules of Fund OPEB Contributions (on page 57), be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 27, 2018, on our consideration of the South Carolina State Fiscal Accountability Authority Insurance Reserve Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fund's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Mauldin & Jenkins, LLC". The script is cursive and fluid, with the letters "M", "J", and "L" being particularly large and stylized.

SOUTH CAROLINA STATE FISCAL ACCOUNTABILITY AUTHORITY INSURANCE RESERVE FUND

MANAGEMENT'S DISCUSSION AND ANALYSIS

This Management's Discussion and Analysis (MD&A) of the South Carolina State Fiscal Accountability Authority Insurance Reserve Fund (the "Fund") provides an overview of the major financial activities affecting the operations of the Fund. This overview encompasses the financial performance and financial statements of the Fund for the fiscal year ended June 30, 2018. The information contained in this MD&A is prepared by management and should be considered in conjunction with the information contained in the Independent Auditor's Report and notes to the financial statements. Following this MD&A are the basic financial statements of the Fund, together with the notes, which are essential to a full understanding of the data contained in the financial statements.

Financial Highlights

Key financial highlights for fiscal year 2018 are as follows:

- The fund implemented Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, as of July 1, 2017. This standard significantly changes the accounting for the Fund's other post-employment benefits and related disclosures.
- The fund's net position decreased by \$21,292,394 or 12.54 percent;
- The assets and deferred outflows of resources of Fund exceeded its liabilities and deferred inflows of resources at June 30, 2018 by \$148,469,374.
- The Fund experienced an operating loss of \$25,400,176 compared with a loss of \$46,912,382 in the prior year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Fund's basic financial statements. The notes to the financial statements contain more detail on some of the information presented in the financial statements. The financial statements of the Fund report information about the Fund using accounting methods similar to those used by private sector companies. These statements offer short and long-term financial information about its activities. The Statement of Net Position presents information on all of the Fund's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between these items reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Fund is improving or deteriorating. The Statement of Net Position can be found on page 11 of this report.

The Statement of Revenues, Expenses and Changes in Net Position presents information showing how the Fund's net position changed during the fiscal year ended June 30, 2018. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus revenues and expenses are recorded in this statement for some items that will only result in cash flows in future fiscal periods (for example, earned but unused vacation leave). The Statement of Revenues, Expenses, and Changes in Net Position can be found on page 12 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Overview of the Financial Statements (Continued)

The Statement of Cash Flows presents information regarding the net changes in cash and cash equivalents resulting from (1) operations, (2) non-capital and related financing activities, and (3) investing activities.

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided within the financial statements. The notes to the financial statements can be found on pages 14 through 53 of this report.

Financial Statements

Net Position: The following table presents condensed Statements of Net Position as of June 30, 2018 and 2017.

	<u>2018</u>	<u>2017</u>
Current assets	\$ 71,551,623	\$ 72,719,738
Non-current assets	<u>455,833,444</u>	<u>452,490,323</u>
Total assets	<u>527,385,067</u>	<u>525,210,061</u>
Deferred outflows of resources	<u>4,170,450</u>	<u>4,735,509</u>
Current liabilities	371,765,900	350,178,083
Long-term liabilities	<u>10,945,829</u>	<u>5,885,945</u>
Total liabilities	<u>382,711,729</u>	<u>356,064,028</u>
Deferred inflows of resources	<u>374,414</u>	<u>6,292</u>
Net position:		
Unrestricted	<u>148,469,374</u>	<u>173,875,250</u>
Total net position	<u>\$ 148,469,374</u>	<u>\$ 173,875,250</u>

The Fund's total current assets decreased by \$1,168,115 during the fiscal year ended June 30, 2018. Elements to consider related to these changes include:

- The Fund's cash and cash equivalents decreased approximately \$3.75 million during the fiscal year ended June 30, 2018.
- The Fund's accounts receivable increased approximately \$10.57 million during the fiscal year ended June 30, 2018.
- The Fund's reinsurance recoverable decreased by approximately \$9.71 million during the fiscal year ended June 30, 2018.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Statements (Continued)

The Fund's investments increased by approximately \$3.34 million during the fiscal year ended June 30, 2018. Elements to consider related to these changes include:

- For the fiscal year ended June 30, 2018, the South Carolina State Treasurer's Office purchased investments on behalf of the fund in the amount of \$155,529,032 while sales and maturities of investments totaled \$145,496,559, which was the primary cause of the net increase in investments.

The Fund's current liabilities increased by approximately \$21.59 million during the fiscal year ended June 30, 2018. Elements to consider related to these changes include:

- The Fund's unearned revenues increased by \$12,151,386 during the year ended June 30, 2018.
- The Fund's claims payable and claims incurred but not reported increased by \$5,060,567 and \$4,254,079, respectively.

The Fund's long-term liabilities increased by approximately \$826,000 during the current year as a result of an overall increase in the net pension liability of \$1,153,420, partially offset by a decrease in the net OPEB liability (resulting from the implementation of GASB Statement No. 75 as of July 1, 2017) of \$370,564.

The Fund's net position decreased by \$21,292,394 during the fiscal year ended June 30, 2018. These changes are attributed to an operating loss for the year of \$25,400,176 as well as a decrease in investment income from the fiscal year ended June 30, 2017, of \$25,479,725.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Statements (Continued)

Revenues, Expenses and Changes in Net Position: The following table summarizes the revenues, expenses and changes in net position for the fiscal years ended June 30, 2018 and 2017.

	<u>2018</u>	<u>2017</u>
Operating revenues:		
Insurance premiums	<u>\$ 125,461,794</u>	<u>\$ 121,157,677</u>
Operating revenues	<u>125,461,794</u>	<u>121,157,677</u>
Operating expenses:		
Claims	<u>106,365,084</u>	123,375,108
Reinsurance premiums	<u>37,346,369</u>	36,867,345
Administrative	<u>7,150,517</u>	7,827,606
Operating expenses	<u>150,861,970</u>	<u>168,070,059</u>
Operating loss	<u>(25,400,176)</u>	(46,912,382)
Nonoperating revenues		
Investment income	<u>4,045,031</u>	29,524,756
Other non-operating revenues	<u>62,751</u>	102,663
Nonoperating revenue	<u>4,107,782</u>	<u>29,627,419</u>
Change in net position	<u>(21,292,394)</u>	(17,284,963)
Net position, beginning of year, as previously reported	<u>173,875,250</u>	191,160,213
Restatement for change in accounting principle	<u>(4,113,482)</u>	-
Net position, beginning of year, as restated	<u>169,761,768</u>	<u>191,160,213</u>
Net position, end of year	<u>\$ 148,469,374</u>	<u>\$ 173,875,250</u>

For the fiscal year ended June 30, 2018, operating expenses decreased \$17,208,089, or 10.2% to \$150,861,970. The majority of the current year decrease in expenses is the result of decreased claims and claims related expenses of \$17,010,024.

For the fiscal year ended June 30, 2018, non-operating revenues of the Fund totaled \$4,107,782, which was approximately \$25.52 million lower than the fiscal year ended June 30, 2017. This decrease is primarily attributable to a decrease in investment income of approximately \$25.48 million.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Statements (Continued)

Statement of Cash Flows: The following table summarizes the cash flows for the fiscal years ended June 30, 2018 and 2017.

	<u>2018</u>	<u>2017</u>
Net cash used in operating activities	\$ (4,444,065)	\$ (36,915,926)
Net cash provided by non-capital financing activities	62,751	-
Net cash provided by investing activities	<u>626,722</u>	<u>8,764,301</u>
Net decrease in cash and cash equivalents	(3,754,592)	(28,151,625)
Cash and cash equivalents, beginning of year	<u>10,623,572</u>	<u>38,775,197</u>
Cash and cash equivalents, end of year	<u>\$ 6,868,980</u>	<u>\$ 10,623,572</u>

For the fiscal year ended June 30, 2018, cash used in operating activities resulted in a decrease in cash and cash equivalents of \$4,444,065. This is a decrease from the amount of cash used in operating activities in fiscal year 2017 of \$32,471,861. The majority of the decrease in cash used in operating activities is the result of increased receipts from insurance premiums and decreased payments for claims and claims related expenses in fiscal year 2018 as compared to fiscal year 2017.

As noted previously, cash and cash equivalents decreased by approximately \$3.75 million during fiscal year 2018. This is an increase from fiscal year 2017 where a net decrease in cash and cash equivalents of \$28,151,625 was reported.

Overview of the Fund

The Insurance Reserve Fund is a self-insurance mechanism operated by the State of South Carolina. In many respects, the Fund functions in the same way as an insurance company. The Fund issues policies, collects premiums, pays losses, and purchases reinsurance against swings in experience or catastrophic losses. As an insurance operation, the Fund files a National Association of Insurance Commissioners Annual Statement each year with and is subject to periodic audits by the South Carolina Department of Insurance. The Fund does not market its services or pay marketing costs. Also, the Fund does not pay taxes or participate in any Guaranty Fund or Pool. As a self-insurance mechanism, the Fund is responsible for funding fortuitous losses experienced by governmental entities in South Carolina and offers very broad and, in some cases, unique coverage for its insureds.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Economic Factors

The Fund has maintained adequate reinsurance; however, catastrophe models have changed significantly in the last few reinsurance cycles. Based on the modeling for a 100 year storm event, the Fund purchased \$600 million of coverage subject to a maximum self-insured retention of \$10 million per occurrence and \$15 million in the annual aggregate with a \$1 million trailing per occurrence for subsequent claims.

The Historic Flood in October 2015 has had a material impact on the Fund with losses of approximately \$13 million. Even though the Fund received reimbursement from the reinsurance markets, the self-insured retention of \$10 million is borne by the Fund.

Hurricane Matthew in October 2016 has had a material impact on the Fund with anticipated losses of approximately \$25 million. Even though the Fund will receive reimbursement from the reinsurance markets, the self-insured retention of \$10 million is borne by the Fund.

Hurricane Irma in October 2017 has had a material impact on the Fund with anticipated losses of approximately \$4 million. Because the self-insured retention will not be met, the approximate \$4 million in losses has been borne by the Fund.

In addition to suffering three catastrophic losses in three years, the Fund experienced other significant property losses including a fire loss by the Town of Cottageville with an approximate loss amount of \$1.5 million.

The effect of paying the Self-Insured Retention of \$10 million for two consecutive years, combined with the additional major losses, reduced the assets available for investment.

In fiscal year 2018, liability experience in the tort liability and medical professional liability lines continued to deteriorate. The Fund attributes much of the deterioration in the tort line to increased payments for law enforcement claims and road claims, both in amount and number of claims.

By statute, the Fund's assets are invested and managed by the South Carolina Office of the State Treasurer. The Fund's investments increased \$3,343,121 in fair market value for the fiscal year. Investment income, however, decreased to \$4,045,031 in FY18. This is a significant change from the investment income of \$29,524,756 of the prior year which was primarily attributable to the Fund's investments' exposure to increasing interest rates which resulted in a decline in the unrealized gain on investments of approximately \$7.9 million in 2017 to an unrealized loss of approximately \$6.7 million in 2018. The overall \$25.52 million reduction in investment income has a considerable impact on the Fund and will put additional pressure on the need for ongoing rate increases.

Effective July 1, 2017, the Fund implemented a rate increase in the property line of 30% affecting properties in seacoast and beach territories. While limited in scope, the increase in property rates is anticipated to be equivalent to a 5% premium increase across all lines of coverage.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Subsequent Events

Beginning July 1, 2018, the Fund implemented additional rate changes on a statewide basis in multiple lines of insurance as follows:

- Building and Personal Property, Builders' Risk, Business Income, and Data Processing rates increased 12%.
- Inland Marine (all coverage forms) increased 15%
- Automobile Physical Damage (Comprehensive and Collision) increased 10%
- Tort rates increased 15%

The resulting net increase in premiums from these changes will not fully impact the Fund's financials until the increase in premium is fully earned, which will take 24 months due to the various policy renewal dates for the Fund's insureds.

Requests for Information

This financial overview is designed to provide readers with a general overview of the Fund's finances, and to show accountability. If you have questions or would like further information about this financial report, you may contact Mable Prioleau, Accounting Fiscal Manager, (803) 737-0260.

SOUTH CAROLINA STATE FISCAL ACCOUNTABILITY AUTHORITY INSURANCE RESERVE FUND

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The State Fiscal Accountability Authority Insurance Reserve Fund is a fund of the State Fiscal Accountability Authority, which is a part of the State of South Carolina (the “*State*”) primary government. This report contains only the Fund and no other offices or funds of the State Fiscal Accountability Authority or any other part of the State of South Carolina primary government are included. The Insurance Reserve Fund (the “*Fund*”) is under the control of the State Fiscal Accountability Authority (the “*SFAA*”).

The SFAA was established and created by the South Carolina Restructuring Act of 2014, Act 121. The funds of the SFAA are included in the Comprehensive Annual Financial Report of the State of South Carolina.

All of the divisions of the SFAA reporting entity are under the control of its Executive Director. SFAA is governed by a five-member Authority, consisting of the Governor; the State Treasurer; the Comptroller General; the Chairman of the Senate Finance Committee; and the Chairman of the House Ways and Means Committee; all of whom serve in an ex-officio capacity.

Programs managed by the Fund are authorized in the following sections of the South Carolina Code of Laws, 1976, as amended: Section 1-11-140 (tort liability, medical professional liability for individuals and entities and risk management section); Section 1-11-710 (A) (4) (risk management section); Regulation 19-612 (automobile liability); Section 10-7-10 et. seq. (property); Section 59-67-710 (school bus liability); and Section 59-67-790 (school bus pupil injury). Section 15-78-10 et. seq. (the S.C. Tort Claims Act) further defines parameters of coverage provided by the Fund.

The Fund insures state agencies, school districts, special purpose political subdivisions, county governments and municipal governments in South Carolina. The Fund provides property insurance on governmentally owned buildings, the contents of such buildings, equipment and automobiles. The Fund provides automobile liability insurance on governmentally owned vehicles and school buses, tort liability insurance for government premises and operations, and medical professional liability for hospitals. The Fund is a self-insurer and purchases reinsurance to limit losses in the areas of property insurance, boiler and machinery insurance, and automobile liability insurance.

The Fund collects premiums from participating entities, issues policies, and pays claims incurred under the policies from accumulated premiums and earnings on investments and notes receivable. The premium rates are determined in consultation with the actuary and the SFAA. The Fund allocates the costs of providing claims servicing and claims payments by charging each participant a premium. Interest income is considered in the premium rate setting process.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting and Basis of Presentation

The Fund is an internal service fund within the State Fiscal Accountability Authority as the State's managers have determined that the State is the predominant participant in the Fund.

The financial statement presentation for the Fund meets the requirements of Governmental Accounting Standards Board ("GASB") Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. As an internal service fund, the Fund in its stand-alone financial statements is considered a proprietary fund under the guidance of GASB Statement No. 34. However, the guidance requires internal service funds included in the basic financial statements of the primary government to be reported as part of the governmental activity. Therefore, presentation in the Comprehensive Annual Financial Report of the State of South Carolina will include this fund as a governmental activity.

The Fund's financial statements have been presented using the economic resources measurement focus which is based upon a determination of net income, financial position, and cash flows. Under this method, all assets and liabilities associated with the operation of the Fund are included on the statement of net position. Net position is segregated into net investment in capital assets, restricted, and unrestricted net position components.

The Fund uses the accrual basis of accounting. Revenue is recognized in the accounting period in which they are earned and become measureable; expenses are recognized in the period incurred, if measurable. The Fund reports claims liabilities when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated.

In accounting and reporting for its operations, the Fund applies all Governmental Accounting Standards Board (GASB) pronouncements. The Fund's financial statements include the provisions of GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*; GASB Statement No. 37, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments: Omnibus*; and, Interpretation No. 6, *Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements*. The financial statements include a Management's Discussion and Analysis (MD&A) section providing an analysis of the Fund's overall financial position and results of operations.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents and Investments

Cash and Cash Equivalents - For purposes of the statement of cash flows, the Fund considers all highly liquid securities with a maturity of three months or less at the time of purchase to be cash equivalents. Most State agencies, including the Fund, participate in the State's internal cash management pool; however, some agency accounts are not included in the pool because of restrictions on the use of funds. Because the State's internal cash management pool operates as a demand deposit account, amounts invested in the pool are classified as cash and cash equivalents.

The State Treasurer administers the cash management pool. The pool includes some long-term investments such as obligations of the United States and certain agencies of the United States, obligations of the State of South Carolina and certain of its political subdivisions, certificates of deposit, collateralized repurchase agreements, and certain corporate bonds. For credit risk information pertaining to the internal cash management pool, see the Deposits and Investments disclosures in Note 2.

The State's internal cash management pool consists of a general deposit account and several special deposit accounts. The State records each fund's equity interest in the general deposit account; however, all earnings on that account are credited to the General Fund of the State. Deposits in the general deposit account are recorded and reported at cost. However, the Fund reports its deposits in the special deposit accounts at fair value. Interest earned by the agency's special deposit accounts is posted to the agency's account at the end of each month and is retained by the agency. Interest earnings are allocated based on the percentage of an agency's accumulated daily interest receivable to the total income receivable of the pool.

The amounts shown in the financial statements as "cash and cash equivalents" represent cash on deposit with the State Treasurer as a part of the State's internal cash management pool, and cash invested in various short term instruments by the State Treasurer and held in separate agency accounts.

Investments - Deposits and investments for the Fund are governed by the South Carolina Code of Laws, Section 11-9-660, "Investment of Funds". The Fund accounts for its investments at fair value in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. Changes in unrealized gain or loss on the carrying value of investments are reported as a component of investment income in the statement of revenues, expenses, and changes in net position.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents and Investments (Continued)

Investment income consists of interest earned during the year, amortization of premiums and accretion of discounts, realized gains/losses on securities, and unrealized gains/losses resulting from changes in fair value. Earnings are posted to the Fund's account at the end of each month. Securities and securities transactions are reflected in the financial statements on a trade-date basis.

The Fund has a number of financial instruments, none of which are held for trading purposes. Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts, such as nonnegotiable certificates of deposits and repurchase agreements, are reported at amortized cost which approximates fair value. See Note 2 for additional information.

Receivables

Premiums receivable consist of receivables from insurance coverage policies. Allowances for doubtful accounts are maintained based on an estimate of collections for those balances aged over 90 days.

Reinsurance Recoverable

The Fund purchases reinsurance for catastrophic losses above certain thresholds on a per occurrence, in the aggregate, and trailing after both occurrence and in the aggregate basis. Amounts to be repaid to the Fund through its purchase of such reinsurance policies are reported in the Statement of Net Position as reinsurance recoverable.

Prepaid Expenses

Payments made to insurers and reinsurers for services that will benefit future periods are recorded as prepaid expenses. The related expense is recognized pro-rata over the policy periods.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences

Generally, all permanent full-time State employees and certain part-time employees scheduled to work at least twenty hours per work week are entitled to accrue and carry forward at calendar year-end maximums of 180 days sick leave and 45 days annual vacation leave. Upon termination of State employment, employees are entitled to be paid for accumulated unused annual vacation leave up to the maximum, but are not entitled to any payment for unused sick leave. The compensated absences liability includes accrued annual leave earned for which the employees are entitled to paid time off or payment at termination. The Fund calculates the gross compensated absences liability based on recorded balances of unused leave. The entire unpaid liability for which the employer expects to compensate employees through paid time off or cash payments, inventoried at fiscal year-end current salary costs and the cost of the salary – related benefit payments, is recorded in the Fund.

Unearned Premium Revenue

Premiums billed in advance of coverage, payments received in advance of coverage, or in excess of amounts billed and premiums collected but unearned are recorded as unearned premium revenue.

Claims Payable

Claims payable represents claims resulting from losses that have been incurred but not paid at June 30. The claims payable balance is based on actual losses incurred and settled and estimated losses for claims in the final stages of review and settlement.

Claims Incurred but not Reported (IBNR)

Losses are recorded at estimated amounts at the time they are reported and include a provision for expenses associated with claim settlements. Insurance claims are expensed as incurred over the period of coverage. The Fund establishes an unpaid claim liability for claims in the process of review, and for IBNR claims. The liability for IBNR claims is actuarially estimated based on the most current historical claims experience of previous payments, changes in number of members and participants, inflation, and award trends. Estimates of liabilities for incurred claims are continually reviewed and revised as changes in these factors occur and revisions are reflected in the current year's operating statement in the applicable claims expense. The liability is reported net of estimated receivables for salvage, subrogation, and reinsurance. Amounts for allocated and unallocated claims adjustment expenses have been included in the calculation of IBNR.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for *deferred outflows of resources*. This separate financial statement element represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense) until then. Five items relating to the Fund's Pension Plan and two items relating to the Fund's Other Postemployment Benefit Plan (OPEB) qualify for reporting in this category and are combined in the Statement of Net Position under the headings "Pension" and "Other Postemployment Benefits", respectively. The first item, experience losses, results from periodic studies by the actuary of the Pension Plan, which adjust the net pension liability for actual experience for certain trend information that was previously assumed, for example the assumed dates of retirement of plan members. These experience losses are recorded as deferred outflows of resources and are amortized into pension expense over the expected remaining service lives of the plan members. The second item, differences between projected investment return on pension and OPEB investments and actual return on those investments, is deferred and amortized against pension and OPEB expense over a four-year period for pensions and a five-year period for OPEB, resulting in recognition as a deferred outflow of resources. The third item results from changes in the proportionate share and differences between employer contributions and the proportionate share of total plan employer contributions. These changes are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in future years. The fourth item, changes in the actuarial assumptions, adjust the net pension liability and the net OPEB liability, and are amortized into pension and OPEB expense over the expected remaining service lives of plan members. Additionally, any contributions made by the Fund to the pension plan and OPEB plan, respectively, before year-end but subsequent to the measurement date of the Fund's net pension liability and net OPEB liability are reported as deferred outflows of resources and will be recognized as a reduction of the respective net pension liability and net OPEB liability during the year ended June 30, 2018.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the Statement of Net Position reports a separate section for *deferred inflows of resources*. This separate financial statement element represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. One item relating to the Fund's pension plan and three items relating to the Fund's OPEB plan qualify for reporting in this category and are combined in the Statement of Net Position under the heading "Pension" and "Other Postemployment Benefits", respectively. The first item, experience gains relating to the Fund's pension plan and OPEB plan qualify for reporting in this category and is recorded in the Statement of Net Position under the heading "Pension" and "Other Postemployment Benefits", respectively. Experience gains result from periodic studies by the actuaries of the pension plan and OPEB plan, which adjust the net pension and the net OPEB liabilities for actual experience for certain trend information that was previously assumed. These gains are recorded as deferred inflows of resources and are amortized into pension and OPEB expense over the expected remaining lives of the plan members. The second item results from changes in the proportionate share and differences between employer contributions and the proportionate share of total plan employer contributions relating the Fund's pension and OPEB plans. These changes are reported as deferred inflows of resources and will be recognized as pension expense and OPEB expense, respectively, in future years. The third item, changes in the actuarial assumptions, adjust the net OPEB liability and are amortized into OPEB expense, respectively, over the expected remaining service lives of plan members.

Net Position Classification

Net position is classified and displayed in three components within the Statement of Net Position. These three classifications are as follows:

- a) Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets.
- b) Restricted net position consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c) Unrestricted net position consists of all other net position that does not meet the definition of "restricted".

As of June 30, 2018, the Fund reported only unrestricted net position. Additionally, when both restricted and unrestricted resources are available to finance expenses, it is the Fund's policy to apply restricted resources first.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Operating and Non-operating Revenues and Expenses

Operating revenues and expenses in the financial statements are those that result from providing services and producing and delivering goods and/or services. Also included are all revenues and expenses not related to capital and related financing, non-capital financing, or investing activities. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

NOTE 2. DEPOSITS AND INVESTMENTS

Total deposits as of June 30, 2018, are summarized as follows:

As reported in the *Statements of Net Position*:

Cash and cash equivalents	\$	6,868,980
Investments		455,833,444
	\$	<u>462,702,424</u>

Cash deposited with the South Carolina State Treasurer's Office	\$	6,778,033
Cash held by third party administrator		90,947
Repurchase agreements		3,015,000
U.S. Government and agency bonds		221,153,713
Corporate bonds and commercial paper		231,664,731
	\$	<u>462,702,424</u>

Custodial Credit Risk – Deposits and Investments. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. For an investment, this is the risk that, in the event of the failure of the counterparty, the Fund will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of June 30, 2018, all of the Fund's deposits and investments held by the South Carolina State Treasurer's Office were covered under federal depository insurance and/or collateralized with securities held by the pledging financial institution's trust department or agent.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. DEPOSITS AND INVESTMENTS (Continued)

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The South Carolina State Treasurer's Office has adopted a formal investment policy that limits liquid investment to cash, repurchase agreements, United States Treasury of federal agency discount notes, and commercial paper. Additionally, the State Treasurer further preserves principal by investing mostly in the highest investment grade securities. In order to diversify investment holdings, asset allocation policies are utilized for investments having more than one year to maturity. For further information regarding the State of South Carolina's interest rate risk policies, refer to the State's publicly available comprehensive annual financial report. Overall credit exposure is managed by asset allocation policies and by additional constraints controlling risk exposure to individual corporate issuers.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The South Carolina State Treasurer's Office has adopted a formal investment policy in accordance with state statutes, which authorize the types of permitted investments. Information regarding the State of South Carolina's credit rate risk policies can be found in the State's publicly available comprehensive annual financial report.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. DEPOSITS AND INVESTMENTS (CONTINUED)

As of June 30, 2018, the Fund's exposure to interest rate risk and credit risk regarding its investments is as follows:

Investment	Fair Value	Credit Rating	Weighted Average Maturity (Years)
U.S. government and agency bonds:			
U.S. treasury bonds	\$ 111,926,000	AAA	3.98
Collateralized mortgage obligations and asset backed securities	109,227,713	Not rated	22.77
Corporate bonds and commercial paper	2,959,250	AAA	2.02
Corporate bonds and commercial paper	3,007,260	AA+	0.86
Corporate bonds and commercial paper	8,544,753	AA	3.06
Corporate bonds and commercial paper	6,643,286	AA-	5.22
Corporate bonds and commercial paper	15,342,756	A+	3.06
Corporate bonds and commercial paper	23,109,356	A	3.91
Corporate bonds and commercial paper	44,488,539	A-	4.63
Corporate bonds and commercial paper	53,480,061	BBB+	4.17
Corporate bonds and commercial paper	40,479,211	BBB	4.86
Corporate bonds and commercial paper	18,515,116	BBB-	4.42
Corporate bonds and commercial paper	3,007,460	BB+	2.60
Corporate bonds and commercial paper	1,399,350	B+	3.26
Corporate bonds and commercial paper	10,688,333	Not rated	1.28
Repurchase agreements	3,015,000	Not rated	-
	<u>\$ 455,833,444</u>		

Fair Value Measurements. The Fund categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. DEPOSITS AND INVESTMENTS (CONTINUED)

The Fund has the following recurring fair value measurements as of June 30, 2018:

Investment	Level 1	Level 2	Level 3	Fair Value
Debt securities:				
U.S. Treasury bonds	\$ 111,926,000	\$ -	\$ -	\$ 111,926,000
Collateralized mortgage obligations and asset backed securities	2,864,010	106,363,703	-	109,227,713
Corporate bonds and commercial paper	136,470,929	95,193,802	-	231,664,731
Total investments measured at fair value	<u>\$ 251,260,939</u>	<u>\$ 201,557,505</u>	<u>\$ -</u>	
Investments not subject to level disclosure measured at amortized cost				
Repurchase agreements				3,015,000
Total investments				<u>\$ 455,833,444</u>

The U.S. treasury bonds, collateralized mortgage obligations and asset backed securities, and the Corporate bonds and commercial paper classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those investments.

The collateralized mortgage obligations and asset backed securities and the corporate bonds and commercial paper investments classified in Level 2 of the fair value hierarchy are valued using a pricing matrix technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. The Fund has no investments classified in Level 3 of the fair value hierarchy.

The repurchase agreements are measured at amortized cost as a practical expedient due to the absence of a readily determinable fair value associated with such investments. As a result, these investments are not categorized according to the fair value hierarchy.

NOTE 3. RECEIVABLES

Premiums receivable including the allowances for uncollectible accounts consisted of the following at June 30, 2018:

Premiums receivable:	
State government	\$ 23,668,597
Local governments	18,086,956
Other	1,317,942
Less: Allowance for uncollectible accounts	(124,997)
Total premiums receivable, net	<u>\$ 42,948,498</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 4. LONG-TERM LIABILITIES

The following is a summary of long-term liability activity for the Fund for the fiscal year ended June 30, 2018:

	Balance June 30, 2017	Additions	Reductions	Balance June 30, 2018	Due Within One Year
Compensated absences	\$ 271,524	\$ 111,728	\$ (151,375)	\$ 231,877	\$ 153,039
Net pension liability	5,794,070	2,394,301	(1,240,881)	6,947,490	-
Net OPEB liability	-	4,433,710	(514,209)	3,919,501	-
	<u>\$ 6,065,594</u>	<u>\$ 6,939,739</u>	<u>\$ (1,906,465)</u>	<u>\$ 11,098,868</u>	<u>\$ 153,039</u>

Compensated absences payable: As discussed in Note 1, this obligation represents accumulated annual leave and compensatory time benefits which are accrued when incurred.

Net Pension Liability: See Note 5 for additional information.

Net OPEB Liability: See Note 6 for additional information.

NOTE 5. PENSION PLANS

Overview

The South Carolina Public Employee Benefit Authority (PEBA), which was created July 1, 2012, administers the various retirement systems and retirement programs managed by its Retirement Division. PEBA has an 11-member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as co-trustee and co-fiduciary of the systems and the trust funds. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the funding of the systems and serves as a co-trustee of the systems in conducting that review. Effective July 1, 2017, the Retirement System Funding and Administration Act of 2017 assigned the PEBA Board of Directors as the Custodian of the Retirement Trust Funds and assigned SC PEBA and the Retirement Systems Investment Commission (RSIC) as co-trustees of the Retirement Trust Funds. For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with generally accepted accounting principles (GAAP). For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONTINUED)

Overview (Continued)

PEBA issues a Comprehensive Annual Financial Report (CAFR) containing financial statements and required supplementary information for the South Carolina Retirement System's Pension Trust Funds. The CAFR is publically available through the Retirement Benefits' link on PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, retirement trust fund financial information is also included in the comprehensive annual financial report of the state.

Plan Description

The South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan, was established effective July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement allowances and other benefits for employees of the state, its public school districts, and political subdivisions.

The State Optional Retirement Program (State ORP) is a defined contribution plan that is offered as an alternative to SCRS to certain newly hired state, public school, and higher education employees. State ORP participants direct the investment of their funds into a plan administered by one of four investment providers.

Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements the system is described below.

South Carolina Retirement System – Generally, all employees of covered employers are required to participate in and contribute to the SCRS as a condition of employment. This plan covers general employees, teachers and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONTINUED)

Membership (Continued)

State ORP – As an alternative to membership in SCRS, newly hired state, public school, and higher education employees and individuals newly elected to the S.C. General Assembly beginning with the November 2012 general election have the option to participate in the State Optional Retirement Program (State ORP), which is a defined contribution plan. State ORP participants direct the investment of their funds into a plan administered by one of four investment providers. PEBA assumes no liability for State ORP benefits. Rather, the benefits are the liability of the investment providers. For this reason, State ORP assets are not part of the retirement systems' trust funds for financial statement purposes. Contributions to the State ORP are at the same rates as SCRS. A direct remittance is required from the employers to the member's account with the investment providers for the employee contribution and a portion of the employer contribution (5 percent). A direct remittance is also required to SCRS for the remaining portion of the employer contribution and an incidental death benefit contribution, if applicable, which is retained by SCRS.

Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation. A brief summary of the benefit terms is presented below.

South Carolina Retirement System – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active or retired members of employees who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of 1% or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONTINUED)

Contributions

Contributions are prescribed in Title 9 of the South Carolina Code of Laws. The PEBA Board may increase the SCRS employer and employee contribution rates on the basis of the actuarial valuations, but any such increase may not result in a differential between the employee and employer contribution rate that exceeds 2.9% of earnable compensation for SCRS. An increase in the contribution rates adopted by the Board may not provide for an increase of more than one-half of 1% in any one year. If the scheduled employee and employer contributions provided in statute or the rates last adopted by the Board are insufficient to maintain a thirty-year amortization schedule of the unfunded liabilities of the plans, the Board shall increase the contribution rates in equal percentage amounts for the employer and employee as necessary to maintain the thirty-year amortization period; and, this increase is not limited to one-half of 1% per year.

If the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of system assets to the actuarial accrued liability of the system (the funded ratio) that is equal to or greater than 90%, then the board, effective on the following July first, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than 90%.

Any decrease in contribution rates must maintain the 2.9% differential between the SCRS employer and employee contribution rates. If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the system shows a funded ratio of less than 90%, then effective on the following July first, and annually thereafter as necessary, the board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the system shows a funded ratio that is equal to or greater than 90%.

The Retirement System Funding and Administration Act increases employer contribution rates to 13.26% for SCRS, effective July 1, 2017. It also removes the 2.9% differential and increases and establishes a ceiling on employee contribution rates at 9% and for SCRS. The employer contribution rates will continue to increase annually by 1% through July 1, 2022. The legislation's ultimate scheduled employer rate is 18.56% for SCRS. The amortization period is scheduled to be reduced one year for each of the next 10 years to a twenty-year amortization schedule. The recent pension reform legislation also changes the long term funded ratio requirement from ninety to eight-five.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONTINUED)

Contributions (Continued)

Required employee contribution rates for the fiscal year ended June 30, 2018, for the SCRS and State ORP plans, are as follows:

South Carolina Retirement System	
Employee class two	9.00%
Employee class three	9.00%
State ORP	
Employee	9.00%

Required employer contribution rates for the fiscal years ended June 30, 2018 for the SCRS and State ORP plans, are as follows:

South Carolina Retirement System	
Employer class two	13.41%
Employer class three	13.41%
Employer incidental death benefit	0.15%
State ORP	
Employer*	13.41%
Employer incidental death benefit	0.15%

(*) Of this employer contribution, 5% of earnable compensation must be remitted by the employer directly to the ORP vendor to be allocated to the member's account with the remainder of the employer contribution remitted to the SCRS.

For the fiscal year ended June 30, 2018, Fund and Fund employees' contributions to the State ORP plan were as follows:

State ORP		
Employee required contribution	\$	42,226
Employer required contribution	\$	63,620
Percent contributed		100%

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONTINUED)

Actuarial Assumptions and Methods

Actuarial valuations involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined during the valuation process are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. The last experience study was performed on data through June 30, 2015, and the next experience study is scheduled to be conducted after the June 30, 2020, annual valuation is complete.

The June 30, 2017, total pension liability, net pension liability, and sensitivity information were determined by the consulting actuary, Gabriel, Roeder, Smith and Company (GRS) and are based on the July 1, 2016, actuarial valuations, as adopted by the PEBA Board and State Fiscal Accountability Authority which utilized membership data as of July 1, 2016. The total pension liability was rolled-forward from the valuation date to the plan's fiscal year ended June 30, 2016, using generally accepted actuarial principles. Information included in the following schedules is based on the certification provided by GRS.

The Retirement System Funding and Administration Act of 2017 was signed into law April 25, 2017, and included a provision to reduce the assumed rate of return from 7.50% to 7.25% effective July 1, 2017. As a result of this legislation, GRS made an adjustment to the calculation of the roll-forward total pension liability for this assumption change as of the measurement date of June 30, 2017.

Assumptions and methods used in the July 1, 2016, valuation for the System are as follows:

	SCRS
	Entry Age
Actuarial cost method	
Actuarial assumptions:	
Investment rate of return	7.25%
Projected salary increases	3.0% to 12.5% (varies by service)
Includes inflation at	2.25%
Benefit adjustments	lesser of 1% or \$500

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONTINUED)

Actuarial Assumptions and Methods (Continued)

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumption, the 2016 Public Retirees of South Carolina Mortality table (2016 PRSC), was developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using published Scale AA projected from the year 2016. The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumption, the 2016 Public Retirees of South Carolina Mortality table (2016 PRSC), was developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using published Scale AA projected from the year 2016.

Former Job Class	Males	Females
General Employees and Members of the General Assembly	2016 PRSC Males multiplied by 100%	2016 PRSC Females multiplied by 111%

The long-term expected rate of return on pension plan investments for actuarial purposes is based upon the 30-year capital market assumptions. The actuarial long-term expected rates of return represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market based inputs. Expected returns are net of investment fees.

The expected real rates of investment return, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2017 fiscal year of the Systems. For actuarial purposes, the long-term expected rate of return is calculated by weighting the expected future real rates of return by the target allocation percentage and then adding the actuarial expected inflation which is summarized in the table on the following page. For actuarial purposes, the 7.25% assumed annual investment rate of return used in the calculation of the total pension liability includes a 5% real rate of return and a 2.25% inflation component.

NOTE 5. PENSION PLANS (CONTINUED)

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS will be made based on the actuarially determined rates based on provisions in the South Carolina State Code of Laws. Based on those assumptions, each System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following table presents the sensitivity of the net pension liability to changes in the discount rate as of June 30, 2018.

<u>South Carolina Retirement System</u>			
<u>Sensitivity of the Net Position Liability to Changes in the Discount Rate</u>			
<u>Fiscal</u>	<u>1% Decrease</u>	<u>Current</u>	<u>1% Increase</u>
<u>Year</u>	<u>(6.25%)</u>	<u>Discount Rate</u>	<u>(8.25%)</u>
		<u>(7.25%)</u>	
2018	\$ 8,954,387	\$ 6,947,490	\$ 5,729,808

Net Pension Liability

The net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB No. 67 less that System's fiduciary net position. The total NPL, as of June 30, 2018, for SCRS is presented below.

For the Fund's fiscal year ending June 30, 2018, the net pension liability for the South Carolina Retirement System is as follows:

	<u>2018</u>
Total pension liability	\$ 14,889,151
Plan fiduciary net position	<u>7,941,661</u>
Employer's net pension liability	<u>\$ 6,947,490</u>
Plan fiduciary net position as a percentage of the total pension liability	53.3%

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONTINUED)

Net Pension Liability (Continued)

As of June 30, 2018, the changes in the net pension liability for the SCRS Plan is calculated as follows:

Total pension liability	
Service cost	\$ 248,147
Interest	1,024,014
Difference between actual and expected experience	16,846
Assumption changes	539,049
Benefit payments	(936,695)
Net change in total pension liability	<u>891,361</u>
Total pension liability - beginning	<u>13,997,790</u>
Total pension liability - ending	<u>14,889,151</u>
 Plan fiduciary net position	
Contributions - employer	360,728
Contributions - member	255,087
Refunds of contributions to members	(32,457)
Retirement benefits	(897,239)
Death benefits	(6,999)
Net investment income	861,422
Administrative expense	(4,137)
Net transfers to affiliated systems	(478)
Net change in plan fiduciary net position	<u>535,927</u>
Plan fiduciary net position - beginning	<u>7,405,734</u>
Plan fiduciary net position - ending	<u>7,941,661</u>
 Net pension liability	 <u><u>\$ 6,947,490</u></u>

The total pension liability is calculated by the Systems' actuary, and each plan's fiduciary net position is reported in the Systems' financial statements. The net pension liability is disclosed in accordance with the requirements of GASB 67 in the Systems' notes to the financial statements and required supplementary information. Liability calculations performed by the Systems' actuary for the purpose of satisfying the requirements of GASB Nos. 67 and 68 are not applicable for other purposes, such as determining the plans' funding requirements.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONTINUED)

Pension Expense

For the fiscal year ended June 30, 2018, the Fund recognized pension expense for the SCRS plan as follows:

Description	
Service cost (annual cost of current service)	\$ 248,147
Interest on the total pension liability	1,024,014
Plan administrative costs	4,157
Plan member contributions	(255,087)
Expected return on plan assets	(543,223)
Recognition of current year amortization - difference between expected and actual experience & assumption changes	183,247
Recognition of current year amortization - difference between projected and actual investment earnings	42,463
Other	478
Total proportionate share of collective pension expense	<u>704,196</u>
Deferred amounts from changes in proportionate share and differences between employer contributions and proportionate share of total plan employer contributions	<u>139,343</u>
Total employer pension expense	<u><u>\$ 843,539</u></u>

Additional items included in total employer pension expense are the current period amortized portions of deferred outflows and/or inflows of resources related to changes in the employers' proportionate share of the collective net pension liability and differences between actual employer contributions and proportionate share of total plan employer contributions.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION PLANS (CONTINUED)

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2018, the Fund reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

South Carolina Retirement System	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 30,972	\$ 3,850
Changes of assumptions	406,702	-
Net difference between projected and actual earnings on pension plan investments	193,942	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	3,019,584	-
Employer contributions subsequent to the measurement date	399,561	-
Total	<u>\$ 4,050,761</u>	<u>\$ 3,850</u>

Fund contributions subsequent to the measurement date of \$399,561 for the SCRS plan are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2019.

As of June 30, 2018, other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

South Carolina Retirement System

Year ended June 30:	
2019	\$ 1,583,417
2020	1,687,322
2021	424,867
2022	(48,256)

NOTES TO FINANCIAL STATEMENTS

NOTE 6. OTHER POSTEMPLOYMENT BENEFITS

Overview

The South Carolina Public Employee Benefit Authority (PEBA) was created by the South Carolina General Assembly as part of Act No. 278 effective July 1, 2012. PEBA is a state agency responsible for the administration and management of the state's employee insurance programs, other post-employment benefits trusts and retirement systems and is part of the State of South Carolina primary government.

The governing board of PEBA is a board of 11 members. The membership composition is three members appointed by the Governor, two members appointed by the President Pro Tempore of the Senate, two members appointed by the Chairman of the Senate Finance Committee, two members appointed by the Speaker of the House of Representatives and two members appointed by the Chairman of the House Ways and Means Committee. Individuals appointed to the PEBA board must possess certain qualifications. Members of the PEBA board serve for terms of two years and until their successors are appointed and qualify. Terms commence on July first of even numbered years. The PEBA board appoints the Executive Director. The laws of the State and the policies and procedures specified by the State for State agencies are applicable to all activities of PEBA. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions in administering the State Health Plan and other post-employment benefits (OPEB).

Plan Description

The Other Post-Employment Benefits Trust Fund (OPEB Trust), refers to the South Carolina Retiree Health Insurance Trust Fund (SCRHITF), was established by the State of South Carolina as Act 195, which became effective on May 2008. The SCRHITF was created to fund and account for the employer costs of the State's retiree health and dental plans.

In accordance with Act 195, the SCRHITF is administered by the PEBA, Insurance Benefits and the State Treasurer is the custodian of the funds held in trust. The Board of Directors of PEBA has been designated as the Trustee.

The SCRHITF is a cost-sharing multiple-employer defined benefit plans. Article 5 of the State Code of Laws defines the plan and authorizes the Trustee to at any time adjust the plan, including its benefits and contributions, as necessary to insure the fiscal stability of the plan. In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State provides post-employment health and dental benefits to retired State and school district employees and their covered dependents.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Benefits

The SCRHITF is a healthcare plan that covers retired employees of the State of South Carolina, including all agencies, and public school districts. The SCRHITF provides health and dental insurance benefits to eligible retirees. Generally, retirees are eligible for the health and dental benefits if they have established at least ten years of retirement service credit. For new hires beginning employment May 2, 2008 and after, retirees are eligible for benefits if they have established 25 years of service for 100% employer funding and 15-24 years of service for 50% employer funding.

Contributions and Funding Policies

Section 1-11-710 of the South Carolina Code of Laws of 1976, as amended, requires these postemployment and long-term disability benefits to be funded through annual appropriations by the General Assembly for active employees to the PEBA, Insurance Benefits and participating retirees to PEBA, except for the portion funded through the pension surcharge and provided from the other applicable sources of the PEBA, Insurance Benefits. For active employees who are not funded by State General Fund appropriations, participating employers are mandated by State statute to contribute at a rate assessed each year by the Department of Administration Executive Budget Office. The covered payroll surcharge for the fiscal years ended June 30, 2018 and 2017 was 5.33 percent. The South Carolina Retirement System collects the monthly surcharge for all participating employers and remits it directly to the SCRHITF. Other sources of funding for the SCRHITF include mandatory transfers of accumulated PEBA, Insurance Benefits' reserves and income generated from investments. Employer contributions also include the implicit subsidy, or age-related subsidy inherent in the healthcare premiums structure. The implicit subsidy represents a portion of the health care expenditures paid on behalf of the employer's active employees. For purposes of GASB Statement No. 75, this expenditure on behalf of the active employee is reclassified as a retiree health care expenditure so that the employer's contributions towards the plan reflect the underlying age-adjusted, retiree benefit costs.

GASB Statement No. 75 requires participating employers to recognize revenue in an amount equal to the employer's proportionate share of the change in the collective net OPEB liability arising from contributions to the OPEB plan during the measurement period from non-employer contributing entities for purposes other than the separate financing of specific liabilities to the OPEB plan. Therefore, employers should classify this revenue in the same manner as it classifies grants from other entities. For the fiscal year ended June 30, 2018, the Fund recognized \$23,207 as a non-operating revenue from contributions from non-employer contributing entities.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Contributions and Funding Policies (Continued)

For purposes of measuring the net OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the SCRHITF, and additions to and deductions from the SCRHITF fiduciary net position have been determined on the same basis as they were reported by the SCRHITF. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Therefore, benefit and administrative expenses are recognized when due and payable. Investments are reported at fair value.

PEBA, Insurance Benefits issues audited financial statements and required supplementary information for the OPEB Trust Funds. This information is publicly available through the Insurance Benefits' link on PEBA's website at www.peba.sc.gov or a copy may be obtained by submitting a request to PEBA – Insurance Benefits, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, OPEB Trust fund financial information is also included in the comprehensive annual financial report of the state.

Actuarial Assumptions and Methods

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedules of funding progress, presented as required supplementary information following the notes to the financial statements, present multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plans (as understood by the employer and plan participants) and include the types of benefits provided at the time the valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Actuarial Assumptions and Methods (Continued)

Additional information as of the latest actuarial valuation for SCRHITF:

Valuation Date:	June 30, 2016
Actuarial Cost Method:	Entry Age Normal
Inflation:	2.25%
Investment Rate of Return:	4.00, net of OPEB Plan investment expense; including inflation
Single Discount Rate:	3.56% as of June 30, 2017
Demographic Assumptions:	Based on the experience study performed for the South Carolina Retirement Systems for the 5-year period ending June 30, 2015
Mortality:	For healthy retirees, the 2016 Public Retirees of South Carolina Mortality Table for Males and the 2016 Public Retirees of South Carolina Mortality Table for Females are used with fully generational mortality projections based on Scale AA from the year 2016. Multipliers are applied to the base tables based on gender and employment type.
Health Care Trend Rate:	Initial trend starting at 7.00% and gradually decreasing to an ultimate trend rate of 4.15% over a period of 15 years
Aging Factors:	Based on plan specific experience
Retiree Participation:	79% for retirees who are eligible for funded premiums
Notes:	There were no benefit changes during the year; the discount rate changed from 2.92% as of June 30, 2016 to 3.56% as of June 30, 2017.

Roll Forward Disclosure

The actuarial valuation was performed as of June 30, 2016. Update procedures were used to roll forward the total OPEB liability to June 30, 2017, (measurement date used for the Fund's reporting as of June 30, 2018).

Net OPEB Liability

The Net OPEB Liability (NOL) is calculated separately for each OPEB Trust Fund and represents that particular Trust's Total OPEB Liability (TOL) determined in accordance with GASB No. 74 less that Trust's fiduciary net position. The allocation of each employer's proportionate share of the collective Net OPEB Liability and collective OPEB Expense was determined using the employer's payroll-related contributions over the measurement period. This method is expected to be reflective of the employer's long-term contribution effort as well as be transparent to individual employers and their external auditors.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Net OPEB Liability (Continued)

The following table represents the components of the net OPEB liability as of June 30, 2018:

Total OPEB liability	
Service cost	\$ 176,770
Interest	131,757
Difference between actual and expected experience	(1,974)
Assumption changes	(427,875)
Benefit payments	(120,411)
Net change in total OPEB liability	(241,733)
Total OPEB liability - beginning	4,484,030
Total OPEB liability - ending	4,242,297
Plan fiduciary net position	
Contributions - employer	119,169
Contributions - nonemployer contributing entities	22,950
Net investment income	4,091
Benefit payments	(120,411)
Administrative expense	(3)
Net change in plan fiduciary net position	25,796
Plan fiduciary net position - beginning	297,000
Plan fiduciary net position - ending	322,796
Net OPEB liability	\$ 3,919,501
Plan fiduciary net position as a percentage of the total OPEB liability	7.60%

The TOL is calculated by the Trust's actuary, and each Trust's fiduciary net position is reported in the Trust's financial statements. The NOL is disclosed in accordance with the requirements of GASB No. 74 in the Trust's notes to the financial statements and required supplementary information. Liability calculations performed by the Trust's actuary for the purpose of satisfying the requirements of GASB Nos. 74 and 75 and are not applicable for other purposes, such as determining the Trust's funding requirements.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Single Discount Rate

The Single Discount Rate of 3.56% was used to measure the total OPEB liability for the SCRHITF. The accounting policy for this plan is to set the Single Discount Rate equal to the prevailing municipal bond rate. Due to the plan's investment and funding policies, the difference between a blended discount rate and the municipal bond rate would be less than several basis points (several hundredths of one percent).

Long-term Expected Rate of Return

The long-term expected rate of returns represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market based inputs. The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2017 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation. This information is summarized in the following table:

Asset Class	Target Asset Allocation	Expected Arithmetic Real Rate of Return	Weighted Long-Term Expected Real Rate of Return
U.S. Domestic Fixed Income	80.00%	2.09%	1.67%
Cash	20.00%	0.84%	0.17%
Total	100.00%		1.84%
Total expected weighted real return			1.84%
Inflation for actuarial purposes			2.25%
Total expected nominal return			4.09%
Investment return assumption			4.00%

NOTES TO FINANCIAL STATEMENTS

NOTE 6. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Sensitivity Analysis

The following table presents the SCRHITF's net OPEB liability calculated using a Single Discount Rate of 3.56%, as well as what the plan's net OPEB liability would be if it were calculated using a Single Discount Rate that is one percent lower or one percent higher:

<u>South Carolina Retiree Health Insurance Plan</u>			
<u>Sensitivity of the Net OPEB Liability to Changes in the Discount Rate</u>			
<u>Fiscal Year</u>	<u>1% Decrease (2.56%)</u>	<u>Current Discount Rate (3.56%)</u>	<u>1% Increase (4.56%)</u>
2018	\$ 4,616,294	\$ 3,919,501	\$ 3,358,067

Regarding the sensitivity of the SCRHITF's net OPEB liability to changes in the healthcare cost trend rates, the following table presents the plan's net OPEB liability, calculated using the assumed trend rates as well as what the plan's net OPEB liability would be if were calculated using a trend rate that is one percent lower or one percent higher:

<u>South Carolina Retiree Health Insurance Plan</u>			
<u>Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate</u>			
<u>Fiscal Year</u>	<u>1% Decrease (6.00% decreasing to 3.15%)</u>	<u>Current Healthcare Cost Trend Rates (7.00% decreasing to 4.15%)</u>	<u>1% Increase (8.00% decreasing to 5.15%)</u>
2018	\$ 3,214,313	\$ 3,919,501	\$ 4,832,997

NOTES TO FINANCIAL STATEMENTS

NOTE 6. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

OPEB Expense

Components of collective OPEB expense reported in the Allocation of the OPEB Expense and Deferred Outflows and Inflows of Resources Related to OPEB for the fiscal year ended June 30, 2018 are presented below.

<u>Description</u>	
Service cost	\$ 176,770
Interest on the total OPEB liability	131,757
Projected earnings on plan investments	(12,314)
OPEB plan administrative expense	3
Recognition of outflow (inflow) of resources due to liabilities	(59,322)
Recognition of outflow (inflow) of resources due to assets	<u>1,684</u>
Total proportionate share of collective pension expense	<u>238,578</u>
Deferred amounts from changes in proportionate share and differences between employer contributions and proportionate share of total plan employer contributions	<u>(9)</u>
Total employer OPEB expense	<u><u>\$ 238,569</u></u>

Additional items included in Total Aggregate OPEB Expense are the current period amortized portions of deferred outflows and/or inflows of resources related to changes in employers' proportionate share of the collective NOL and differences between actual employer contributions and proportionate share of total plan employer contributions.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2018, the Fund reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

South Carolina Retiree Health Insurance Plan	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 1,701
Changes of assumptions	-	368,807
Net difference between projected and actual earnings on pension plan investments	6,735	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	-	56
Employer contributions subsequent to the measurement date	112,954	-
Total	<u>\$ 119,689</u>	<u>\$ 370,564</u>

Fund contributions subsequent to the measurement date of \$112,954 for the SCRHITF plan are reported as deferred outflows of resources and will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2019.

As of June 30, 2018, other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>South Carolina Retiree Health Insurance Plan</u>	
Year ended June 30:	
2019	\$ (57,647)
2020	(57,647)
2021	(57,647)
2022	(57,647)
2023	(59,331)
Thereafter	(73,910)

NOTES TO FINANCIAL STATEMENTS

NOTE 7. OPERATING LEASES

The Fund leases office space from a party outside of State government and this lease is accounted for as an operating lease. Rental expense under this lease for the year ended June 30, 2018, was \$256,229.

The future minimum lease payments due under this lease are as follows for the year ended June 30:

	Total Minimum Lease Payments
Year Ending June 30,	
2019	\$ 311,196
2020	311,196
2021	322,423
2022	322,423
2023	322,423
2024	644,846
	<u>\$ 2,234,507</u>

NOTE 8. RELATED PARTY TRANSACTIONS

The Fund has significant transactions with the State of South Carolina and various state agencies. Property and liability coverage is provided for a fee to various State agencies and within the State Fiscal Accountability Authority. The fees are recorded as revenues in the financial statements for the Fund. The tables on the following pages detail the insurance premiums received by the Fund from other state agencies and divisions of the State Fiscal Accountability Authority during the year ended June 30, 2018.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. RELATED PARTY TRANSACTIONS (CONTINUED)

The Fund has financial transactions with various State agencies during the fiscal year. Significant payments were made to SFAA and the Department of Administration (DOA) for printing, telephone, interagency mail, data processing services, purchasing, record maintenance, internal audit and personnel services and to the South Carolina Public Employee Benefit Authority for retirement and insurance plan contributions.

NOTE 9. COMMITMENTS AND CONTINGENCIES

By the nature of its operations and responsibilities as an insurer, the Fund has been named in a number of lawsuits, many of which are pending. A provision has been made in the financial statements for the payment of routine claims. Management is not aware of any other claims that, in their opinion, would have a material effect on the financial statements and, therefore, no liability has been recorded.

As a result of the 2004-2005 Appropriations Act Proviso 63.47, the Fund is to provide funds to cover legal defense costs of the State associated with the Abbeville School Funding litigation case. During the year ended June 30, 2018, the Fund incurred \$347 in legal defense costs associated with this Proviso. However, the ultimate amount of this liability is not known as of the date of our report.

As a result of the 2006-2007 Appropriations Act Proviso 63.33, the Fund is to provide funds to cover legal defense costs of the State associated with the Prison Mental Health Care litigation case. During the year ended June 30, 2018, the Fund did not incur any legal defense costs associated with the case. However, the ultimate amount of this liability is not known as of the date of our report.

As a result of the 2015-2016 Appropriations Act Proviso 59.9, the Fund is to provide up to \$50,000 of opposing attorney fees and court costs as ordered by the court in those cases in which the Attorney General defends one or more public officers in their official capacities. During the year ended June 30, 2018, the Fund did not incur any legal defense costs associated with the case. However, the ultimate amount of this liability is not known as of the date of our report.

NOTE 10. RISK MANAGEMENT

The Fund is exposed to various risks of loss and maintains State or commercial insurance coverage for each of those risks except for certain types of risks for which it is self-insured (these risks are further described herein). Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. There were no significant reductions in insurance coverage from coverage in the prior year.

NOTES TO FINANCIAL STATEMENTS

NOTE 10. RISK MANAGEMENT (CONTINUED)

The Fund pays insurance premiums to itself, certain other State agencies and commercial insurers to cover risks that may occur in normal operations. The insurers promise to pay to or on behalf of the insured for covered losses sustained during the policy period in accordance with insurance policy and benefit program limits.

State management believes it is more economical to manage certain risks internally and set aside assets for claim settlement. Several State funds accumulate assets and the State itself assumes substantially all risks for the following:

1. Claims of State employees for unemployment compensation benefits (Department of Employment and Workforce);
2. Claims of covered employees for workers' compensation benefits for job-related illnesses or injuries (State Accident Fund);
3. Claims of covered public employees for health and dental insurance benefits (Public Employee Benefits Authority); and
4. Claims of covered public employees for long-term disability and group-life insurance benefits (Public Employee Benefits Authority).

Employees elect health coverage through either a health maintenance organization or through the State's self-insured plan. All of the other coverages listed above are through the applicable State self-insured plan except dependent and optional life premiums are remitted to commercial carriers.

The Fund acts as an insurance company in that it issues policies, accumulates assets to cover the risks of loss, and pays claims incurred for covered losses related to the following Fund assets, activities, and/or events:

1. Theft of, damage to, or destruction of assets;
2. Auto liability for state and non-state owned vehicles; and
3. General torts.

State agencies and other entities are the primary participants in the Fund.

The Fund has recorded insurance premium expense regarding its internal operations in the applicable administrative expense categories. The Fund has not transferred the portion of the risk of loss related to insurance policy deductibles and limits.

NOTES TO FINANCIAL STATEMENTS

NOTE 10. RISK MANAGEMENT (CONTINUED)

The Fund purchases insurance and reinsurance and separately reports the related reinsurance premium and premium expenses. Insurance is purchased to cover risks where the Fund has limited expertise (aircraft insurance and ocean marine insurance). Reinsurance is purchased to limit the Fund's liability for catastrophic loss (property reinsurance), to obtain specialized engineering services (boiler and machinery reinsurance), or to obtain services for which the Fund is not adequately staffed (automobile liability reinsurance). The Fund self-insures Tort Liability Insurance, Automobile Physical Damage Insurance, Medical Professional Liability and the self-insured retention for Property, Inland Marine, and Boiler and Machinery Insurance.

Property reinsurance for catastrophic losses is purchased for losses above the following loss levels:

- \$10,000,000 per occurrence; \$15,000,000 in the aggregate; \$1,000,000 trailing after both occurrence and aggregate

Reinsurance permits partial recovery of losses from reinsurers; however, the Fund, as the direct insurer of the risks, remains primarily liable. As of June 30, 2018, there have been no catastrophe claims in excess of the limit of reinsurance purchased.

NOTE 11. RECONCILIATION OF CLAIMS LIABILITY

The Fund reports liabilities when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Amounts for allocated and unallocated claims adjustment expenses have been included in the calculation of the unpaid claims liability. The liability is reported net of receivables for salvage, subrogation, and reinsurance. The unpaid policy claims liability includes a provision for reported claims and claims incurred but not reported. The liability for claims incurred but not reported is an actuarial estimate based on the most current historical claims experience. This estimate does not necessarily result in an exact amount. The Fund continually reviews estimates of liabilities for incurred claims and revises those estimates as changes occur.

NOTES TO FINANCIAL STATEMENTS

NOTE 11. RECONCILIATION OF CLAIMS LIABILITY (CONTINUED)

Changes in the balances of claims liabilities during the past two fiscal years were as follows:

	2018 (in thousands)	2017 (in thousands)
Unpaid claims and claims adjustment expenses at the beginning of the year	\$ 282,735	\$ 264,205
Incurring claims and claim adjustment expenses:		
Provision for insured events of the current year	45,565	35,663
Increase in provision for insured events of prior years	61,274	87,712
Total incurred claims and claim adjustment expenses	106,839	123,375
Payments:		
Claims and claim adjustment expenses attributable to insured events of the current year	41,593	30,306
Claims and claim adjustment expenses attributable to insured events of prior years	55,931	74,539
Total payments	97,524	104,845
Total unpaid claims and claim adjustment expenses at the end of the year	292,050	282,735
The above totals are comprised of the following:		
Claims payable	190,176	185,115
Claims incurred but not reported	101,874	97,620
Total claims payable	\$ 292,050	\$ 282,735

NOTE 12. CHANGE IN ACCOUNTING PRINCIPLE

The Fund has determined that a restatement to its July 1, 2017 beginning net position was required to recognize the changes in accounting principles for implementation of Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, through which accounting for OPEB plans and the related disclosure requirements were modified.

The adjustment resulted in a change to the beginning net position of the Fund as follows:

Net position, as previously reported	\$ 173,875,250
Change in accounting principle due to the implementation of GASB Statement No. 75:	
Net OPEB liability	(4,233,920)
Deferred outflows of resources for contributions subsequent to the measurement date	120,438
Net position, as restated	\$ 169,761,768

COMPLIANCE SECTION

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

**To Mr. George L. Kennedy, III, CPA
State Auditor
South Carolina Office of the State Auditor
Columbia, South Carolina**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the South Carolina State Fiscal Accountability Authority Insurance Reserve Fund (the "Fund"), a fund of the South Carolina State Fiscal Accountability Authority, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements, and have issued our report thereon dated September 27, 2018. Our report includes a reference to the change in accounting principles resulting from the implementation of Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, as of July 1, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Fund's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

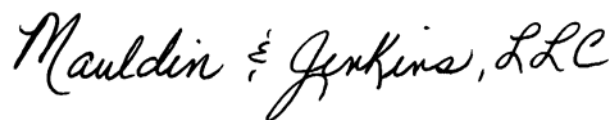

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Mauldin & Jenkins, LLC". The script is cursive and fluid, with the ampersand being particularly stylized.
